Profile Summary

Computer Science undergraduate with strong foundations in Data Structures, Algorithms, Object-Oriented Programming, and Machine Learning. Experienced in developing deep learning applications using TensorFlow, Keras, and Python. Passionate about Artificial Intelligence and Software Development, with proven leadership experience as a Class Representative and active participation in hackathons and competitive programming.

Education

B.Tech in Computer Science

September 2024 – May 2028

B V Raju Institute of Technology

9.03 CGPA

Intermediate

July 2022 – May 2024

Narayana Junior College

95.6

Relevant Coursework

- Data Structures
- Algorithms
- Database Management Systems
- Object-Oriented Programming
- Operating Systems
- SQL

Projects

Enhanced Dog Breed Classification using Ensemble CNNs *TensorFlow — Keras — Python — Deep Learning* [GitHub](#)

- Built an ensemble CNN model combining ResNet50, EfficientNetB0, and MobileNetV2 to classify over 120 dog breeds with high prediction accuracy.
- Implemented Test-Time Augmentation (TTA) and smart image cropping techniques to improve prediction robustness across varying image orientations and aspect ratios.
- Developed an interactive Google Colab interface that predicts dog breeds and displays breed-specific information such as temperament and life expectancy.

Leadership

Class Representative (CR)

2025 – Present

B V Raju Institute of Technology

- Represent a class of 60+ students by acting as the primary liaison between faculty and students.
- Coordinate academic activities, communicate important announcements, and help resolve student concerns effectively.
- Demonstrate leadership, teamwork, communication, and organizational skills through active class management.

Skills

Programming Languages: C, C++, Java, Python, SQL

Machine Learning: TensorFlow, Keras, CNNs, Transfer Learning

Developer Tools: Git, GitHub, VS Code, Google Colab

Frontend: HTML

Database: MySQL

Soft Skills: Leadership, Problem Solving, Teamwork, Communication

Coding Profiles

LeetCode: Solved 110+ coding problems

CodeChef: Maximum Rating of 1467

Smart Interviews: Score of 20,000+

Certifications

Programming, Data Structures and Algorithms using Python

May 2025

NPTEL

Achievements

Secured **6th Place** in the Hackfinity Hackathon 2025 among multiple competing teams.

Serving as the **Class Representative (CR)** for the Computer Science department.

Earned the NPTEL Certification in Programming, Data Structures and Algorithms using Python.
